

Thanos Industrial Flood Lights

Designed for the rigors of industry while providing a wide flood of light to open areas. Superior light output per Watt results in significant savings over traditional HID lighting and inferior LED Designs.

Robust aluminum housing provides an IP65 seal while the internal driver is encapsulated in cooling gel to IP66/67 resulting in double moisture protection, ensuring longevity is designed in from the start. High brightness Phillips LEDs, long-life drivers and advanced cooling design ensures Thanos is there with you for the long haul.

Ideal Uses include: Carparks, industrial areas, general flood lighting.

- 20 - 200 Watt
- 5 Year Warranty
- IP65 Housing
- High Quality Driver (IP66/IP67 Cooling gel sealed)
- Tempered Glass lens
- Including 1.5meter cord & 3 Pin Plug
- Complies to AS/NZS Standards
- Very efficient 120Lumen/Watt
- Wide beam angle 120 Degree
- Compact Size
- Thick Aluminum Construction
- Stainless steel hardware
- Phillips LED's
- Advanced thermal management
